SAFETY DATA SHEET

SECTION I - PRODUCT IDENTIFICATION

Product name	Bergamot, Essential Oil
Synonyms and other names	Botanical Name: Citrus bergamia
Recommended uses	Bergamot Essential Oil has a number of wide-ranging applications and uses, including aromatherapy and do-it-yourself cosmetics. Its sweet aroma makes it an excellent natural fragrance to add to soaps, bath bombs, bath salts, natural perfumes, as well as homemade cleaning products.
Material uses	Bergamot essential oil is highly photosensitizing and should not be used in applications that involve exposure to sunlight. All essential oils should be used only after being diluted in a carrier oil. Do not take internally unless under the direct supervision of a qualified practitioner. Always perform a small patch test (with the diluted essential oil) before using on skin, to check for compatibility. We strongly advise caution when using essential oils around children and pregnant women.
Supplier	Coop Coco & Calendula 273 Rue Saint-Zotique E, Montréal, QC H2S 1L4
Emergency number	Poison control Centre: 1-800-463-5060

SECTION 2 - HAZARDS IDENTIFICATION

Product classification (WHMIS 2015) Flammable Liquids - Class 3

Hazards information Not applicable.

Other information Not applicable.

SECTION 3 - COMPOSITION/ INFORMATION ON INGREDIENTS

Chemical denomination (INCI)	Citrus aurantium bergamia (bergamot) fruit oil
CAS number	8007-75-8
Content	Limonene 31-35%, linalyl acetate 27-31%, γ -terpinene 5-9%
Additional information	Not applicable.

273 St. Zotique E.,
Montréal, Québec H2S 1L4

SAFETY DATA SHEET

SECTION 4 - FIRST AID MEASURES

Eye contact	Contact with eyes can produce burnings sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.
Skin contact	Skin contact can produce irritation or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.
Inhalation	Remove affected person to fresh air. Give oxygen if breathing is labored and seek medical advice. Signs of over-exposure are dizziness and nausea.
Ingestion	Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never give anything by mouth if victim is unconscious, is rapidly losing consciousness or is convulsing.

SECTION 5 - FIRE AND EXPLOSION DATA

Fire extinguishing procedures	Extinguishing media : Carbon dioxide, dry chemical or foam. Determine the need to evacuate or isolate the area according to your local emergency plan.
Special remarks on fire/explosion hazards	Closed containers may build up pressure at elevated temperature.
Fire fighting protective equipment and instructions	Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving essential oils or chemicals.
Combustion product	Carbon monoxide, Carbon dioxide. When heated to decomposition produces acid fumes and carbon monoxide smoke.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Protective clothing and recommendations in case of spill and leak	Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8. Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.
Environmental precautions	Keep away from drains, surface and ground water. Report spills to appropriate authorities if required.
Methods and material for containment and cleaning up	Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, provincial and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

SECTION 7 - HANDLING AND STORAGE

Handling precaution	Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

SAFETY DATA SHEET

Storage precaution Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep away from extreme heat and from freezing conditions and away from all sources of ignition. Make sure the material does not come into contact with substances listed as "Materials to avoid." (See section 10)

SECTION 8 - EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure limits Not available.

Engineering controls Not available.

Personal protection :

Inhalation In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the of NIOSH approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

Skin Using chemical resistant gloves and clothing is recommended.

Eye The use of safety glasses is recommended. If a material is to be handled in a manner that splashing may occur, the use of splash goggles or face shield is recommended.

Other personal protective equipment An eyewash fountain and/or safety shower should be available in the area. Acceptable industrial hygiene practices should be maintained. These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require additional precautions.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Physical state and appearance Light yellowish green to yellowish brown liquid.

Odor Fragrant sweet-fruity odor.

Odor threshold Not available.

pH Not available.

Melting Point Not available.

Boiling Point >35°C

Flash point 57°C

Evaporation rate Not available.

Flammability Combustible liquid.

Flammable limits Not available.

Montréal, Québec H2S 1L4
www.coopcoco.ca
514-270-0539

SAFETY DATA SHEET

Vapor pressure	Not available.
Vapor density	0.850 g/mL
Relative density	Not available.
Solubility	Soluble in alcohol and oils. Insoluble in water.
Water/oil dist. coeff.	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Refractive index	1.459 – 1.490 @ 20°C
Specific gravity	0.876 – 0.894 @ 25°C

SECTION 10 - STABILITY AND REACTIVITY DATA

Stability	Chemically stable. This material presents no significant reactivity hazard.
Reactivity	Not available.
Possibility of hazardous reactions	Not available.
Conditions of instability	Avoid sparks, flame and excessive heat.
Materials to avoid	Strong oxidizing agents.
Decomp. products	See section 5 (Combustion product)

SECTION 11 - TOXICOLOGICAL INFORMATION

Routes of entry	Contact with eye and skin. Inhalation and ingestion.
Acute effects	No data currently available.
Eye	May irritate eyes.
Skin	Repeated or prolonged contact can cause redness, irritation and scaling of skin (dermatitis).

273 St. Zotique E.,
Montréal, Québec H2S 1L4
www.coopcoco.ca
514-270-0539

SAFETY DATA SHEET

Inhalation	Inhalation of high concentration of vapor may result in irritation of eyes.
Ingestion	Low order toxicity causing irritation of the stomach and intestines, resulting in nausea and vomiting.
Chronic effects	May aggravate dermatitis, psoriasis and other skin conditions.

SECTION 12 - ECOLOGICAL INFORMATION

Ecotoxicity	Very toxic to aquatic organisms; may cause long-term adverse effects in the aquatic environment. Avoid any pollution of ground, surface or underground water.
Persistence and degradation	Not available.
Bioaccumulation	Not available.
Mobility in soil	Not available.
Other adverse effects	Not available.

SECTION 13 - DISPOSAL CONSIDERATIONS

Waste Disposal	In accordance with municipal, provincial and federal regulations. Check with expert to insure compliance.
Container disposal	In accordance with municipal, provincial and federal regulations. Check with expert to insure compliance.

SECTION 14 - TRANSPORT INFORMATION

United Nations number	UN1169 : Liquid aromatic extract CLASS 3		
Identification	US DOT shipping description IATA shipping (air) IMDF shipping description		Class 3 Flammable liquids Label 3 Marine pollutant : yes
Classes of dangerous goods	<u>WHMIS</u> : Group III, class 3		
Packing group	PGIII		
Environmental hazards	Marine pollutant		
Bulk transport	Not available.		

273 St. Zotique E.,
Montréal, Québec H2S 1L4
www.coopcoco.ca
514-270-0539

SAFETY DATA SHEET

Special precautions Not available.

SECTION 15 - OTHER REGULATORY INFORMATION

Federal, international and other regulations

European union labelling :
R10 Flammable
Xn R22 Harmful if swallowed
Xi R38 Irritating to skin
S36/37/38 Wear suitable protective clothing, gloves and eye/face protection

Other classification

NFPA : Not applicable. HMIS : Not applicable.

SECTION 16 - OTHER INFORMATION

Other information

When utilized by professionals following the conventional good manufacturing practices, the aromatic materials are not severely dangerous. However, the preceding precautions and the following general operation rules must be respected. Keep the product away from any food or drink. It is an industrial product and must not be ingested as such. Eating, drinking and smoking should not be permitted in handling and packaging areas. Cases of auto-flammability of several fragrance materials are reported. Consequently, the materials used to mop up the product (sponges, absorbent papers, sawdust, etc.) must be rapidly eliminated. The refuse-bins in the manufacturing areas must be cleared out. Transfer to a flammable waste container and incinerate at approved site. The product must not be heated with, or exposed to, open flames or other sources of ignition. Do not expose to unprotected electrical equipment. Never overheat the product. Do not breathe hot vapours. In any case of potential poisoning, get medical advice.
